REPORTING AND SUPPORT RESOURCES

GRAND RIVER | SOLUTIONS

Reporting and Support Resources

Anyone who experiences a crime, act of violence, or sexual misconduct is encouraged to report it to the University and local law enforcement. Upon receipt of a report, the University will provide resources to support individuals, help with law enforcement communication, and referral of matters for resolution as appropriate. Responders will either provide direct assistance or connect individuals with necessary resources, including local law enforcement, Health Services, mental health support, Title IX, student services, campus life, and other relevant resources.

Anonymous Reporting Options

Students may request to facilitate anonymous reporting to capture general details about an incident (date, time, location, and brief description of the type of incident) for inclusion in the University's Annual Security and Fire Safety Report's crime statistics disclosure.

Individuals wishing to submit an anonymous report to the Title IX Coordinator or other University officials may do so using the online reporting forms listed in their campus-specific tables. Please note that anonymity may limit the University's ability to respond.

Disclosures and Response

Upon receiving a report, the University responds promptly and connects individuals with appropriate resources. Recognizing that it can be difficult to identify or access the right support following a trauma or crime, individuals are encouraged to contact the Title IX Coordinator, Human Resources, Public Safety, or any of the offices listed on pages 2–5 for guidance.

While the University strongly encourages individuals to seek help from Public Safety and/or local law enforcement, employees will notify law enforcement only if the individual requests it or is unable to report the incident themselves.

In accordance with the Clery Act and University policy, individuals have the right to:

- Notify College/University and/or local law enforcement;
- Receive assistance from the College/University in doing so; or
- Decline to involve law enforcement.

Consistent with Clery Act requirements, the institution ensures that law enforcement is notified immediately, or as soon as practicably possible, of any reported incidents of criminal homicide, rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft, arson, human trafficking, sexual assault, or hate crimes occurring on or off campus.

CRIME STATISTICS AND DEFINITIONS

Definitions

While the Annual Security Report includes disclosures of certain crimes as defined by federal law, it also includes arrests and referrals for discipline for certain state law violations. Below please find certain relevant definitions used in preparing of this report.

Clery Act Geography

WHAT IS CLERY GEOGRAPHY?

The Clery Act specifically defines the geography of Institution Name which is used to report crimes and in certain cases arrests and referrals for discipline.

ON CAMPUS

- i. Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and
- ii. Any building or property that is within or reasonably contiguous to the area identified in paragraph (i) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

ON CAMPUS RESIDENTIAL FACILITIES

Crimes that occur in on campus residence halls are counted in the On Campus category as well as the On Campus residential category. On Campus Residential is a sub-set of On Campus, and the crime counts should not be added together.

NON-CAMPUS

- i. Any building or property owned or controlled by a student organization that is officially recognized by the institution; or
- ii. Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

PUBLIC PROPERTY

All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

At Institution Name, the specific Clery Act geography is included in the maps on the following page.

INCIDENTS THAT OCCUR OUTSIDE CLERY GEOGRAPHY

These definitions are used by Institution Name in defining Clery Act geography. It is important to note that members of the community may be impacted by crime or incidents occurring outside of Clery Act geography. These incidents may be subject to Institution Name policy, but will not appear in the Clery Act statistics. At the same time, incidents that occur in Clery Act geography that do not involve members of the community would be included in these statistics.
